## Home Garden Solid Products

Product	Size	Price (incl GST)	Notes: <b>Environmental Fertilisers products enhance soil biology to rejuvenate soil and feed plants</b>
<b>Compost</b>	Tonne	172.00	Improve soil fertility by increasing microbial activity and storing plant nutrients
<b>Garden Mulch</b>	Tonne	87.00	Great way of saving water and suppressing weeds
<b>Activated Carbon (BioGro)</b>	10 kg	26.00	Bio-char is an enduring carbon source with amazing plant growth enhancement properties
<b>Calci-Sil</b>	20 kg	18.00	Great source of plant available calcium.
<b>EF BAS 50 (BioGro)</b>	20 kg	18.00	Trace minerals sourced from highly paramagnetic basalt rock
<b>EF Bio Rocket</b>	20 kg	67.00	Soluble, humate stabilised, N, P, S, and Ca to increase soil energy
<b>EF Multi Cal</b>	20 kg	25.00	Three quality calcium sources plus carbon to prevent leaching from root zone
<b>EF Nano Cal</b>	20 kg	25.00	Fine micron calcium carbonate, trace minerals and sugar for beneficial soil bacteria
<b>EF Natures Garden Fertiliser (NGF)</b>	20 kg	41.00	Full spectrum biological soil and plant nutrition suitable for vegetables, flowers and fruit
<b>EF Natures Organic Fertiliser (BioGro)</b>	20 kg	37.00	General garden fertiliser. A blend of Soil Force, Recharge and Bas-50
<b>EF Raw Humates (BioGro)</b>	20 kg	25.00	Good for improving water holding capacity of soil. Fungal food, detoxifier and nutrient stabiliser
<b>EF Recharge (BioGro)</b>	20 kg	25.00	Composted calcium carbonate, with EF Raw Humates
<b>EF Soil Conditioner (BioGro)</b>	20 kg	15.00	Opens up compacted soil with calcium and sulphur
<b>EF Soil Force (BioGro)</b>	20 kg	37.00	Composted RPR with humic acid, fish protein and basalt rock dust
<b>EF Soil Mag (BioGro)</b>	20 kg	18.00	Composted magnesium – containing crushed serpentine rock, raw humates and fish
<b>EF Soluble Humates</b>	20 kg	60.00	Holds nutrients in the soil and adds carbon.
<b>Limited Offer (while stocks last)</b>			
Bio Rocket	5 kg	20.00	
Natures Organic Fertiliser	5 kg	15.00	- 20 kg \$37

## Home Garden Liquid Products

Product	Size	Price (incl GST)	Notes: Environmental Fertilisers products enhance soil biology to rejuvenate soil and feed plants
EF A.C.E	1 L	15.00	Liquid fulvic acid. Add to foliar feeds, animal feeds and as a herbicide amelioration
	5 L	39.00	
EF Activated Carbon Foliar (BioGro)	1 L	15.00	Liquid bio-char is a stable carbon source with amazing plant growth enhancement properties
	5 L	30.00	
EF Bio-Cal (BioGro)	1 L	15.00	Liquid calcium spray to lift crucial calcium availability in your soil
	5 L	28.00	
EF Cal Bor (BioGro)	1 L	15.00	Micronised boron plus liquid kelp and humates
	5 L	30.00	
EF Cal Phos (BioGro)	1 L	15.00	Liquid micronised RPR to increase Calcium and Phosphate availability and boost brix
	5 L	26.00	
EF Fish Plus (BioGro)	1 L	15.00	Organic foliar feed. Contains hydrolysed fish and kelp
	5 L	50.00	
EF Fruit Size	1 L	15.00	Foliar spray to fill fruit & increase fruit size
	5 L	41.00	
EF Glypho-Mate (weed spray)	1 L	21.00	Use this if you must use glyphosate herbicide. Reduces negative soil impact
	5 L	92.00	
EF Humus Builder	1 L	15.00	Boosts photosynthesis, root growth, rhizosphere microbes and humus creation
	5 L	35.00	
EF Liquid Alkaline Humates	1 L	15.00	Potassium humate based bio-stimulant with many benefits for soil and plant health
	5 L	55.00	
EF Liquid Kelp (BioGro)	1 L	15.00	Full spectrum foliar and soil trace mineral supplement
	5 L	50.00	
EF Micronised Humates (BioGro)	1 L	15.00	Humic acid based bio-stimulant with many benefits for soil and plant health
	5 L	70.00	
EF Reproductive Foliar	1 L	15.00	To ensure flower production and fruit set in tomatoes and fruit trees
	5 L	39.00	
EF Vegetative Foliar	1 L	15.00	Full spectrum foliar nutrition to boost yield of nutrient dense food
	5 L	39.00	

All liquids also available in 20 L, 200 L & 1000 L.

## Home Garden Microbial Inoculants

Product	Size	Price (incl GST)	Notes:
<b>Environmental Fertilisers products enhance soil biology to rejuvenate soil and feed plants</b>			
<b>EF Combo 12 Powder (12 species)</b>	100g	20.00	Predatory fungi & insect parasite mix for dealing with plant disease and pests, incl potato psyllid
	500g	69.00	
	1 kg	115.00	
<b>Bio-Vam</b>	100g	20.00	Endo- and ecto-mycorrhizal fungi plus other beneficial soil microbes
	500g	69.00	
	1 kg	115.00	
<b>Microbe Food</b>	1 kg	15.00	Microbe food formula to encourage rapid multiplication of microbes for compost tea & microbe brews
	5 kg	60.00	
	10 kg	110.00	
<b>EF Fermenters</b>	1 L	15.00	Foliar fertiliser with beneficial microbes added
	5 L	29.00	
<b>EF Compost Tea Brewing Kit</b>		255.00	20L compost tea brewer (makes 1000L in total): a liquid fertiliser, bio-stimulant & pest management tool
<b>Replacement microbes &amp; food</b>		127.00	For compost tea brewing. Makes 1000L.

## Animal Health

Product	Size	Price (incl GST)	Notes:
<b>Poultry Minerals</b>	5 kg	29.00	Poultry food additive to enhance health, growth and egg production
	20 kg	115.00	
<b>Poultry Miticide</b>	1 L	15.00	Biological mite control that enhances poultry health and egg production
	5 L	47.00	
<b>Stock Lick (powder)</b>	20 kg	57.50	Top quality vitamins & minerals, amino and humic acids, plus ag salt for healthy stock
<b>Stock Primer</b>	1 L	15.00	Humate-based mineral drench/food supplement for chooks, dogs, cattle, sheep, horses
	5 L	55.00	

---

## Equipment

---

Product	Size	Price (incl GST)	Notes:
Garlic Crushers		46.00	Strong, robust garlic crusher for extracting juice from plants to measure brix levels
Hose venturi diluter units	5 L	18.00	Fast, convenient, hassle-free, liquid foliar feeding while watering your garden
Refractometers		150.00	For measuring the brix (sugar content) of plants

---

## Soil Testing & Recommendations

---

Reams Soil Tests		69.00	Tests the plant available minerals in the soil
Melnich 3 Mineral Reserves plus trace minerals		258.75	Cation Exchange (CEC) soil test carried out by Southern Cross University in Lismore, Australia
Fertiliser Recommendations		144.00	Analysing the Reams Soil Test results, EF technical consultants will make recommendations suited to soil type and crop requirements
